LAST CHANCE
This is our last retail price list

Fall, 1951.

Sunny Ridge Nursery
Swarthmore, Pa.

The war effort has high-jacked our labor costs, cut our labor supply. We expect to close up the Sunny Ridge Nursery in December 1951. Now is your chance to buy.

We cannot guarantee to accept retail orders after October 1, 1951, as we may at any time contract to close out our comparatively small stock to some wholesale nursery. Trees will be shipped in November from local express office in Virginia.

If you live in a place where you prefer spring planting, there is small difficulty about your keeping the trees over the winter. Here are three ways to do it:

1. Bury the bundle in the earth completely. If it isn't water soaked it will be perfectly safe. That is the way we keep cions.

2. Bury the ball part of the bundle and let the top stick out, but wrap it well with several layers of paper. It should come through the winter in perfect order.

3. Put bundle in a cold cellar - absolutely unheated; such a cellar as would keep potatoes or apples. Make a small opening in the package and about once a month pour in enough water to wet the packing material.

Many of the trees you may buy from the big nurseries next spring will spend the winter with bare roots in a storage house where the air is kept moist.

GRAFTED CHINESE CHESTNUTS: If you see our nursery in late autumn you find nice burrs even on some small trees in the nursery rows. *These are proven trees and are carefully marked for you. \$1.50 per tree extra.

We have Nanking, Kuling, and Meiling, the three varieties released by the U. S. Department of Agriculture. We also have the more widely tested Connecticut Yankee and Abundance. A few Two-in-One at \$1.50 additional per tree. We select varieties on orders. If you name the varieties we must charge you more. Write for these prices.

SEEDLING CHINESE CHESTNUTS: I have worked with chestnuts since 1897. As a result of travels in China, I have made five large importations of seed and can now offer Ching Chow strain Chinese Chestnut Seedlings. This strain is absolutely blight proof, not merely blight resistant. I say blight proof because they have lived at least eighteen years in this country without any injury from blight, although constantly exposed to it. More reliable producers than most seedlings. Can be safely planted as basis of profitable business, but not so productive as grafted trees.

<u>PRICES: CHINESE CHESTNUT TREES</u>		<u>12 trees of a single size for price of 10 trees</u>				
		<u>3-4 ft.</u>	<u>4-5 ft.</u>	<u>5-7 ft.</u>	<u>7-10 ft.</u>	<u>10-12 ft.</u>
<u>GRAFTED TREES: Per tree</u>						
Two-in-One \$1.50 extra per tree		\$3.75	\$4.00	\$4.25	\$4.75	\$7.50
<u>CHING CHOW SEEDLINGS: Per tree</u>						
Blight Proof strain		1.25	1.50	2.00		

*Proven Trees: \$1.50 per tree extra. All 10-12 ft. trees are proven trees.

A few crooked trees: 1/3 off single tree price. These trees will straighten.

Special price on crooked grafted trees for orchard planting. Will grow good as any. If in 7-10 and 10-12 ft. sizes you want very high headed trees that must be supported by stake until established, ask for "pole tree."

BLUEBERRIES: Blueberry King's Packet: Well grown 12-18 inch plants. Equal number of three expensive, new, specially selected, highest quality varieties in packet.

Packet of 6: \$6.50 Packet of 12: \$12.00 Packet of 36: \$30.00
Blueberry plants are shipped separately from near Philadelphia.

SPECIAL: CHING CHOW CHESTNUT SEED: \$1.50 per lb. Postpaid. Shipment about October 1.
